AMENDMENT No. 3 ISSUED August 6, 2007 63 Pages

Invitation No. **DCKA-2007-B-0082**
Federal Aid Project No.: **NH-8888 (265)**
Title: **Federal Aid Pavement Restoration National Highway
System (NHS) Routes**

BIDDERS shall acknowledge receipt of this addendum on official Bid Form. Failure to do so may result in rejection of your bid.

CURRENT BID OPENING DATE: **August 13, 2007**

BIDDERS are informed that the above named project is modified as follows:

QUESTIONS AND RESPONSES

Attached are responses to questions raised by prospective bidders. (**2 pages attached as part of this amendment**)

SPECIFICATIONS

SPECIAL PROVISIONS:

In S.P. #53, replace existing item descriptions with the following:

SUPERPAVE BASE COURSE, 19/25 mm, Item 402 005
SUPERPAVE SURFACE COURSE, 9.5/12.5 mm, Item 402 013
ASPHALT PATCHING, SUPERPAVE SURFACE COURSE, 9.5/12.5 mm,
Item 409 003
ASPHALT PATCHING, SUPERPAVE BASE COURSE, 19/25 mm, Item
409 009

In S.P. #54, delete MEASURE and PAYMENT in their entirety and replace with the following:

MEASURE – The unit of measure for JOINT SEALING will be the linear foot of roadway joint routed, cleaned and sealed. The unit of measure for CRACK SEALING will be the pound of material used to seal roadway cracks routed,

Amendment No. 3
Federal Aid Pavement
Restoration National Highway
System (NHS) Routes

cleaned and sealed. The quantity for crack sealing shall be verified daily by the COTR by counting the number of expended bags/containers of crack sealing.

PAYMENT – Payment for JOINT SEALING will be made at the contract unit price per linear foot; payment for CRACK SEALING will be made at the contract unit price per pound of crack sealing material, which payments will include routing and cleaning transverse and longitudinal pavement joints and pavement cracks, furnishing and filling with joint sealing material, striking off with a rubber squeegee, placing No. 10 stone, slag dust or neat cement, collecting and disposal of all excess material and all labor, materials, tools, equipment and incidentals necessary to complete the work as specified herein.

BID FORMS AND PROPOSALS
Pay Item Schedule

DELETE Pay Item Schedule pages 1 thru 48 in their entirety and **REPLACE** with revised Pay Item Schedule Pages 1R thru 48R (**48 pages attached as part of this amendment**)

APPENDICES

DELETE General Wage Decision DC070001 Modification Number 4 dated 6/8/2007 and **REPLACE** with General Wage Decision DC070001 Modification Number 9 dated July 20, 2007 (**11 pages attached as part of this amendment**)

QUESTIONS FROM PROSPECTIVE BIDDER

DCKA-2007-B-0082

Federal Aid Pavement Restoration National Highway System (NHS) routes F.A.P. NH-8888 (265)

Question: Joint Sealing and Crack Sealing in the (Standard) Specifications book shows the unit as linear foot, but the Schedule of Items shows it as a square yard item.

Normally, it's by the linear foot.

Answer: Joint sealing is measured by the linear foot. We have decided to measure crack sealing by the square yard to correspond with our practice in other contracts.

Modifications of the Special Provision and items in the Schedule of Items can be found in this addendum.

Question: This contract states that mobilization will be paid only for the two-year base period, but a contractor will have to continue to pay bond and insurance during the option years. Why won't there be payment during the option years?

Answer: Mobilization covers the contractor's start-up costs as described in 612. For the option years, there is no mobilization, since the contractor is already mobilized.

Question: Unclassified Excavation leaves a large gray area. Will there be any consideration if you encounter material that cannot be removed with conventional methods? What is Unclassified Excavation?

Answer: Due to the nature of this contract, it is not anticipated that the contractor should encounter materials of such size and weight that they cannot be removed by conventional methods. No excavation is anticipated in undisturbed areas; therefore, the contractor shouldn't encounter large boulders and rocks. Any such materials that may result from truck spills is covered under Items 201 003, 201 005 and 201 007. Unclassified Excavation is defined in S.P. #49.

Question: In Items 201 003, 201 005 and 201 007, the unit of measure is the cubic yard. How can you measure a cubic yard of debris.

Answer: Debris can be measured with a tape if it is in a consolidated pile, by estimating the volume visually, or after it is loaded in a truck.

Question: Item 201 009, Removal of Mudslide From Roadway: Will the contractor be required to repair the area that caused the mudslide under this item?

Answer: No. The intent is to clean the roadway and open it to traffic as soon as possible. The roadside repair is an entirely different issue.

Question: What exactly does DDOT consider an emergency?

Answer: An emergency exists when, for public safety and convenience, the work cannot be assigned as part of a normal task order. When this occurs, the contractor will be notified of the necessity of an immediate response.

Question: The items for R/R PCC Directional/Pedestrian Island and R/R PCC Median in the schedule of items have different item numbers after the base year.

Answer: These are errors that have been corrected in this addendum.

Question: May we have more of an explanation of items 405 006 and 405 011?

Answer: Item 405 006, Asphalt Shoulder Treatment, is described in 405.03(D) of the Standard Specifications. This item is for installation of an asphalt shoulder either where there was none before or when the existing treatment was removed. Item 405 011, Asphalt Shoulder Repair, consists of the repair of an existing asphalt shoulder. The work includes removal of unsuitable or damaged asphalt material, recompaction of the base material and placement of new asphalt shoulder treatment.

Question: How far from the edge of pavement does DDOT consider to be “roadside”?

Answer: The roadside extends the full width of the roadway right-of-way.

=====

Unlisted classifications needed for work not included within
the scope of the classifications listed may be added after
award only as provided in the labor standards contract clauses
(29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates
listed under the identifier do not reflect collectively
bargained wage and fringe benefit rates. Other designations
indicate unions whose rates have been determined to be
prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can
be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on
a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

=====

END OF GENERAL DECISION
